INDEPENDENT AND PROGRESSIVE

Mullin-Kille Company (Associate of Baldwin ConSurvey Company) publisher of this directory and world's largest independent publisher of city directories, is in no way connected with any national association, combination or directory "trust." Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of ConSurvey directory was originated by Robert Morton Baldwin and Heber Page. While many publishers have been content to rest on their laurels, issuing the same type directory used fifty years ago, the Mullin-Kille and Baldwin organizations have led the way to the production of an up-to-date ConSurvey directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants' associations and individual business concerns are invited to write for particulars concerning this type directory service. In the future, as in the past, Mullin-Kille and Baldwin ConSurvey directories will stand for the highest ideals in public service.

ROBERT MORTON BALDWIN

The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory and checked with material supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

FIVE DIVISIONS OF THE BOOK

The principal divisions of the Mullin-Kille Directory contain the following information:

1. THE BUYERS' GUIDE and CLASSIFIED BUSINESS DIRECTORY SECTIONS contain display information concerning the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and the names of all business firms, professional men and women and non-profit organizations, properly classified, with the names of distributors of national brands of merchandise.

2. THE NUMERICAL TELEPHONE DIRECTORY contains telephone numbers arranged in numerical sequence.

3. THE HOUSEHOLDERS' DIRECTORY AND STREET TELEPHONE GUIDE contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property, and gives the telephone number of each house.

4. THE RESIDENT DIRECTORY AND COSMOPOLITAN TELEPHONE DIRECTORY contains most of the data concerning the individual. The wife's name is given in parentheses, and the number of dependents under 18 is shown as well as the ownership of homes. This is followed by position, place of employment, home address and accessible telephone numbers.

5. THE RURAL ROUTE DIRECTORY contains a list of householders and residents on each Rural Route leading out from city.

. . . *Preface* . . .

New Bern—Today

A progressive and growing modern city, with outstanding historical traditions, New Bern has unsurpassed natural resources of much importance to agriculturists, business opportunities of great value to industrialists, and distinctive cultural charms of marked appeal to visitors that are being materially capitalized upon today to give it a niche higher than ever before attained in its long honored career of 244 years.

As County Seat of Craven County, New Bern draws many patrons from the county and neighboring counties. Its population was 11,815 by official count in 1940; by 1950 it had increased 33.6 per cent to 15,784; with about 18,000 estimated at present. The county showed a 55.5 per cent increase during the decade to 48,681. About 200,000 reside in the trade territory.

NEW BERN POST OFFICE

In the heart of Eastern North Carolina, on two wide rivers, at the center of the coastal area of the United States, the city is the hub of one of the most fertile farm regions of the entire country, noted for its mild climate, long growing seasons, up-to-date farming methods, livestock and many diversified crops.

Only 35 miles from the Atlantic Ocean, 35 degrees latitude and 77 longitude, about 18 feet above sea level, the city is in the midst of a vast amphitheatre of protected seaways, rimmed with coastal resorts.

Effective buying income for the city is estimated at $30,000,000 and for the trade territory at $100,000,000. The 550 retail establishments in the city had 1952 payrolls of $1,500,000 and sales of $24,000-000. Annual payrolls for civilian and military personnel at the Marine Air Station at Cherry Point approximated $31,337,000 in 1952. County retail sales come to over $30,000,000.

Basic raw materials of many different kinds permit wide expansion of industrial life. Forest lands on 158,000 acres rank among the most productive in the South.

Woods teem with game, waters with seafood. Agriculture, lumbering, commercial fishing and varied manufacturing constitute major pursuits.

Current industrial establishments include factories for making men's trousers, ladies' dresses, and handmade ties, a small-boat manufactory, three boat workers and repair yards, six lumber mills, three plywood factories, two metal plants, four machine foundries, cement block plant, tobacco processing factory, an awning and tent manufacturing company and a sail loft for making boat sails, cotton seed mill, fertilizer plants, livestock market, curb market, canning plant, two feed mills, grain elevator, meat packing plant, frozen food locker, pickle plant, chicken hatchery, two milk pasteurization plants, ice cream factory, five bottling plants, and seven patent medicine firms. Packaged liquors are sold at three liquor stores in the county.

1ST PRESBYTERIAN CHURCH

Hundreds of new homes have been built, with suburban residential sections expanding rapidly. There are two new low-rent housing projects, one for white residents, the other for colored.

Since July 1, 1947, New Bern has been under the City Manager form of government, with a Mayor and City Manager, and one Alderman from each of the five wards. The Chief of Police and Tax Collector are appointed by the Board of Aldermen. Craven County is governed by a Board of five Commissioners representing various parts of the county, with two from New Bern.

Property in the county was valued for tax purposes in 1953 at $33,809,599, of which $15,566,394 was in New Bern.

The Norfolk Southern, Atlantic Coast Line and Atlantic and East Carolina Railroads operate in all directions.

The Seashore Transportation Company operates many buses to numerous points, including express service to New York and Greensboro. This company also owns and operates the City Transit Company, which has regular bus routes on frequent schedules.

There are a number of motor freight and express lines, as well as railway express. The section has excellent paved highways. Routes 17, 70 and 55 pass through New Bern.

Simmons-Nott Airport is owned by the city and county, and operated by the city for six daily flights by National Airlines and four by Piedmont Airlines.

Focal point of diversified enterprises, the town is regional headquarters for many firms; and headquarters for a State Forestry Division; the Croatan National Forest in Jones, Carteret and Craven Counties; State Highway and Public Works Commission district with its local prison camp and farm; State Highway Patrol, with its district office on Route 17; a sectional office of the United States Employment Service; and district office of the Postal Inspector. The Third District Congressman resides in New Bern.

Sudan Shrine Temple has its home here, with members as far west as Durham. A $150,000 Shrine Auditorium has been erected next to the Shrine Home, and is available for public programs. A $300,000 Temple is used for offices and semi-annual reunions of Scottish Rite Masons. Meetings are also held here frequently by York Rite Masons and affiliated bodies.

Located here are St. Luke's Hospital, Kafer Memorial Hospital, Good Shepherd for Negroes, and the County Hospital-Home. The City-County Health Department has a modern Health Center.

Numerous churches are in and around New Bern, and there are many religious, benevolent, patriotic and civic organizations. The American Red Cross is active, and operates a housing bureau.

The Sun-Journal publishes two editions of its daily newspaper. There are two local Radio Stations, WHIT and WOOW, and broadcasting studios are maintained here by WMBL, of Morehead City and Beaufort.

Living conditions are regarded as excellent, not only because of the scenic and health location and the charm of streets and homes but especially because of the friendly spirit. Foreignborn form only .5 per cent of the population. The city has a unique atmosphere of historical background blended with modern progress and Southern hospitality.

NUMERICAL TELEPHONE DIRECTORY

1954

Containing a list of telephone subscribers arranged in numerical sequence. The information listed below was obtained by a house-to-house canvass and is offered for the convenience of subscribers to the City Directory. The Publishers are very careful in using these numbers but do not assume any responsibility in case of error. Since telephone numbers change rapidly, it is suggested that persons using this list refer to the latest edition of the regular telephone directory issued by the local telephone company in order to verify the information contained herein.

Explanation

All persons over 18 years of age living in the community are listed.

The wife's name is shown in parentheses after the husband's as follows: Smith Robt R (Mary L).

The number of children under eighteen years of age is shown after the wife's name as follows: Smith Robt R (Mary L) 3.

In the resident directory home ownership is designated by Ⓗ as follows: Smith Robt R (Mary L) 3 Ⓗ. Renters are shown by the omission of the Ⓗ.

In the householders' directory ownership is shown by the same designation as follows: 210 Main Smith R R Ⓗ.

In the case of a natural widow this fact is shown with the name of the deceased husband in parentheses, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robt R (Mary L) clk Hub Clo Co.

The residence of each person is shown by "h" denoting householder or head of a family and by "r" denoting other persons in the home. Only one person in each home is listed with an "h". Therefore, a circular mailed to each householder marked "h" will reach every home in the city.

Married women engaged in some responsible occupation are listed individually in addition to their regular listing with the husband as follows: Smith Mary L (Mrs Robt R) bkpr Hub Clo Co r 210 Main.

The words street and avenue are understood.

Persons living outside the city limits and receiving their mail in the country are marked RD.

Telephone numbers are designated in the resident directory at the end of the line with the designation 🔔 as follows: Smith Robt R (Mary L) 3 Ⓗ clk Hub Clo Co h 210 Main 🔔498.

In the householders' directory the telephone number of each house is given at the end of the line as follows: 210 Main Smith R R Ⓗ—🔔498. In this division of the book each street is listed alphabetically and each house on the street is listed according to number. All street intersections are shown at the proper places with the names of the cross streets. In case there is no telephone shown the nearest telephone on the street may be found.

In the numerical telephone directory the telephone numbers are listed in numerical order.

In the business directory and buyers' guide the various business and professional firms are arranged according to their line of business and merchandise sold. Nationally advertised brands are designated with a ★. For example under the heading automobiles will be found the following classification: ★FORD—Jones Mtr Co 110 Elm. The buyers' guide carries the printed message of the city's leading business and professional firms.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher. It shows the exact population of the city and environs at the present time.
